DETAILED ACTION

Response to Amendment

1. Claims 109-315 have been canceled and claims 316-359 have been added as requested in the amendment of paper #41, filed 19 April 2002. Claims 316-359 are pending in the instant application.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Any objection or rejection of record which is not expressly repeated in this action has been overcome by Applicant's response and withdrawn.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
5. Claims 316-359 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Any claim which is not specifically recited below is indefinite for depending on an indefinite claim because the further limitations of the dependent claims do not correct the deficits indicated below.

Art Unit: 1647

The instant claims are directed to pharmaceutical compositions comprising an isolated KGF polypeptide. Claims 316-359 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential elements, such omission amounting to a gap between the elements. See MPEP § 2172.01. The omitted elements are: a second element to make a composition. A composition necessarily contains more than one component, yet the instant claims only recite a single component. Amendment of the claims to recite a second component, such as a carrier, etc. would obviate this ground of rejection. Upon amendment of the claims to include a second component which has basis in the instant specification as filed, the claims should be in condition for allowance.

Conclusion

6. No claim is allowed.
7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
